

Lipo-Light body sculpting system

Lipo-Light is the latest body sculpting treatment available. Using the power of Light Therapy, Lipo-Light is the natural and healthy way to inch loss. The half hour treatment is non-invasive, relaxing and totally pain free. With regular use you can expect to lose in the region of 2 to 6 cm. Ask your therapist for a treatment today.

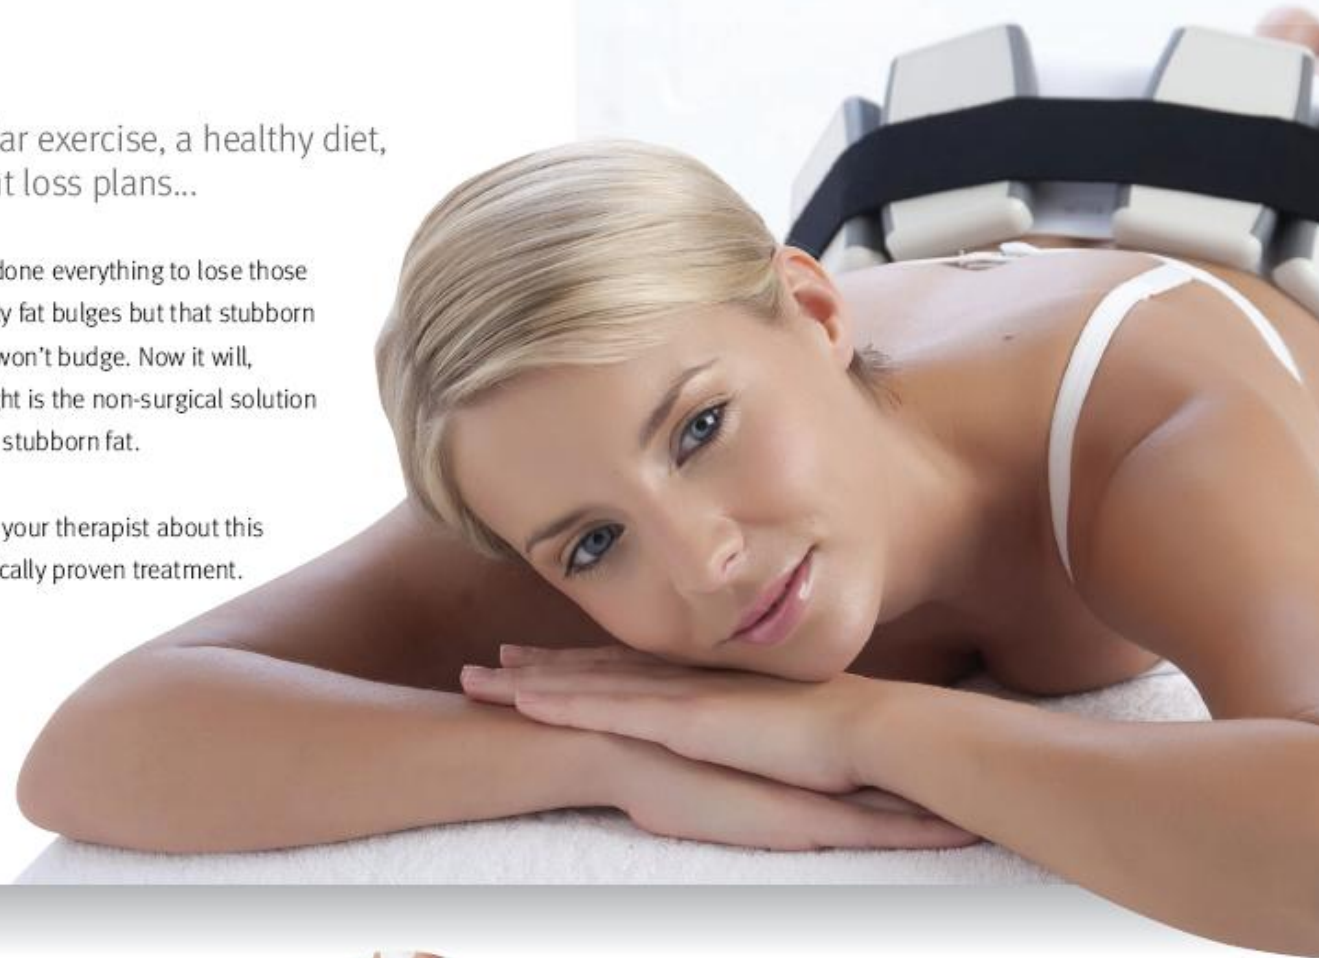

Slim...Shape...Tone

- Lipo-Light triggers lipolysis in fat cells (adipocytes) which causes fatty acids to be broken down and released.
- Lipo-Light stimulates fibroblasts, strengthening the collagen and elastin fibres to tone and tighten your skin.

Regular exercise, a healthy diet,
weight loss plans...

You've done everything to lose those unsightly fat bulges but that stubborn fat just won't budge. Now it will, Lipo-Light is the non-surgical solution for your stubborn fat.

Just ask your therapist about this scientifically proven treatment.

For the ideal physique...

"I try so hard to keep in shape and watch what I eat, so diet and exercise are an important part of my daily routine. Even so, I have stubborn areas which, no matter how hard I try, I just can't firm up. Lipo-Light now does that for me. After just a couple of treatments my body looks great."
